

## How to access your new BigFanMail email address on Blackberry

Your BlackBerry smart phone will allow you to access your email hosted BigFanMail. We recommend visiting the BlackBerry Smartphone Setup guide for detailed information on how to setup your particular BlackBerry device:

[http://us.blackberry.com/support/apps-and-software/email-setup-and-integration.html#tab\\_email](http://us.blackberry.com/support/apps-and-software/email-setup-and-integration.html#tab_email)

Note, you will want to use the Personal email section of the guide.

The basic information you will need when setting up your email is:

Username: Your full email address (all lowercase), for example: Joe@BigWildcatFan.com

Password: The password you created when you setup your email address on BigFanMail

Incoming and Outgoing Servers:

- Enter YOURDOMAIN.BigFanMailHost.com where “YOURDOMAIN” is the extension on your BigFanMail address (without .com).
  - Example: If your new email address is [John.Doe@BigPantherFan.com](mailto:John.Doe@BigPantherFan.com), you would enter **BigWildcatFan.BigFanMailHost.com** as your Incoming and Outgoing Server
  - Example: If your new email address is [Jane@BigTideFan.com](mailto:Jane@BigTideFan.com), you would enter **BigTideFan.BigFanMailHost.com** as your Incoming and Outgoing Server

If you have any issues, please email us at [support@BigFanMail.com](mailto:support@BigFanMail.com).
